## How to Correctly Measure a Windshield

### Important:

All measurements for 1-piece windshields or 2-piece windshields (both passenger and driver side) are made from edge of glass to edge of glass – around the curve and through the center point of the windshield.

### Measurements:

Height in Inches

Width in Inches

Driver Side

Passenger Side

One Piece

Flat

Curved

Name of Insured Customer  
(for your reference)

Upon completion, please **email this sheet to**

**windshields@rvglass.com** or FAX this sheet to (574) 295-7506

***If you have questions call (800) 551-9149, ext. 2402 or email windshields@rvglass.com***
